

**Novocure – inovitro™ Laboratory Research System
Study Proposal Application
Please submit to inovitro@novocure.com**

Date	
Study Title (attach concept)	
Principal Investigator	Attach copy of CV with submission
Name	
Institution/Organization	
Address	
Phone	
Fax	
Email	
Timeline – Duration of Study	
Study start date (month/year)	
Date of Completion (month/year)	
Publication Plan	
Initial data (Abstract)	Conference/Meeting _____ Est. Date
Final data (Manuscript)	Journal: _____ Est. date final manuscript
Support Requested	inovitro system (includes: TTFields generator, base plate, ceramic dishes, flat cable, mini USB cable, computer, software) See inovitro User Manual for additional information.
	Number of baseplates requested - _____ (each baseplate contains 8 ceramic petri dishes)
Outside support	Other sources of funding/supplies (attach details)
Existing laboratory infrastructure	Refrigerated incubator - Yes/No Other equipment needed for study: 1. 2. 3. 4. 5. 6.

Study Concept Synopsis (2-3 pages)

Specific Aims:

Background and Significance:

Preliminary Studies (if applicable):

Research Design and Methods:

Implications for clinical practice:
